

**ABOUT THE WALL STRIKE**

Trimco's patented Wall Strike's are uniquely designed as a solution for latching surface applied Sliding/Barn doors. For use with Trimco's 1074 Series ADA locks. The strike mounts to the wall either directly (requires blocking in wall) or via a mounting bracket that mounts to the jamb. Available in most architectural finishes to match the other hardware or with a primer finish that can be painted to match the wall color.

**FEATURES**

- Designed for use with the Trimco's 1074 Series ADA Barn/Sliding Latchsets.
- Vertically adjustability ensures proper latching as the building or door opening settles.
- Concealed fasteners for sleek, modern appearance.
- Available in most architectural finishes, or primer to matching wall paint color.
- Enables latching of surface sliding/barn doors.
- Two mounting methods: Direct to wall (Requires blocking in the wall) or via Mounting Bracket.

**APPLICATIONS**

- Hospitality
- Multifamily & Mixed-Use
- Commercial & Industrial
- Office Buildings
