

MASTERCRAFT

BRONZE

handcrafted bronze hardware

FOR THE HOSPITALITY TRADE

TRIMCO'S MASTERCRAFT BRONZE LINE of hospitality hardware is designed to assist project development from initial concept through completion. Our broad product offering allows for seamless integration of design, from the main entrance hardware, throughout the public spaces. Additionally, our advanced custom capabilities make creating a signature product effortless. **MASTERCRAFT BRONZE** is designed to provide lasting service. Made of the highest quality materials and engineered to meet strict safety standards, this hardware will provide years of use-

ful service and distinguish your place of business as extraordinary.

THE MASTERCRAFT BRONZE COLLECTION has hardware for all areas of your building. From the front door, interior doors, sliding doors, bedrooms, bathrooms, cabinets, and outdoors, no building need be without the distinctive look of bronze. The understated elegance of our contemporary and traditional styles will enhance any architecture and add distinction to your project.

TRIMCO HARDWARE HAS BEEN MUCH IMITATED BUT NEVER EQUALED. From our 30 patented products to our hand-applied finishes, we invite you to experience the TRIMCO difference. We believe you will discover endless possibilities.

FIVE FINISHES ARE OFFERED.

made from the finest materials,

TRIMCO presents the MASTERCRAFT BRONZE series. These entry pulls are hand-crafted and hand-finished in solid bronze. Each piece offers the enduring grace of antiquity, yet fulfills the expectations offered by modern technology. The understated elegance of our contemporary and traditional styles will enhance any architecture and add distinction to every project.

Any grip can be mounted on any plate.

These rustic levers were created using the traditional method of pouring molten bronze into moulds formed from sand. TRIMCO has successfully recreated for **MASTERCRAFT BRONZE** a centuries old appearance that can only become more beautiful with time and use. These levers meet ADA and some meet Title 24 for the State of California and pair perfectly with **MASTERCRAFT BRONZE** entry plates.

Trimco

TRIMCO hardware is made with no compromise in quality, design or durability. Only full-sized, first quality extrusions, sheet stock, and castings are used. Careful machining, polishing, assembly and finishing result in a final product, which we present with pride. We warrant that our products are generally fit for the purpose for which they were designed. Properly selected, installed and not abused, they will serve the purpose for which they were intended for many years.
