- Other options available with fasteners for surface mounted and anchored applications.

### 3092 Series

#### Retracting Arm Coordinator

Part #	Black List Price
3092 – Retracting Arm Coordinator	\$261.00

- Modest sized coordinator with very low profile.
- Rubber rollers for low noise and low friction.
- Non-handed and stop-mounted.
- Can replace drop-arm units without relocating closers.
- Paintable matte black finish.
- One size works for all equal door pairs between 72" and 96".
- UL listed.

### 3093 Series

#### Drop Arm Coordinator

Part #	626 List Price
3093 – Drop Arm Coordinator	\$129.00

- Heavy duty cast brass or bronze construction.
- Two nylon rollers and set screw adjustment standard.
- UL Listed.

### 3094 Series

#### Stop Mounted Coordinators

Part #	Black List Price
3094B1 – 53-63" Opening	\$198.00
3094B2 – 63-75" Opening	\$198.00
3094B3 – 75-87" Opening	\$198.00
3094B4 – 87-95" Opening	\$198.00
3094C4 – 95-107" Opening	\$219.00

- Requires low closing force.
- ✂ Engineered to greatly reduce operating noise levels.
- ✂ Adjustable over-ride prevents "racking hinges" or damage to door, coordinator or frame.
- Cannot crush housing tube and prevent from operating. Includes filler bar.
- Paintable matte black color.
- UL listed.

### PG Series

#### Panic End Cap Guards

Part #	630 List Price
PG8125VV-1 – 8" Length	\$299.00
PG8125VV-4 – 4" Length	\$292.00

- Meets ADA and California Title 24 requirements.
- Non-handed and easy installation.
- Extra heavy duty design.
- Manufactured from 18GA stainless steel for long lasting protection.
- Mates with most manufacturers exit devices.

### PG Series

#### Surface Vertical Rod Latch Guards

Part #	630 List Price
PG8000 – 10"x11-1/2"	\$349.00
PG8002 – 10"x Up to 34" Wide (one piece design w/ integrated kick plate)	\$947.00
PG8002-1 – 10"x Up to 34" Wide (two piece design w/ integrated kick plate)	\$562.00

- Meets ADA and California Title 24 requirements.
- Non-handed and easy installation.
- All standard architectural finishes.
- Smooth shape will not bend, dent or flex.
- Manufactured from 18GA stainless steel for long lasting protection.
- Mates with most manufacturers exit devices.

### FG Series

#### Frame Guards

Part #	630 List Price
FG8000-24 – 24" Height	\$497.00
FG8000-36 – 36" Height	\$604.00
FG8000-42" – 42" Height	\$712.00
FG8000-CUST – Custom size	Call for Price

- Roller feature deflects wheeled equipment from damaging door frames.
- Manufactured in USA from stainless steel for maximum durability in abusive situations.
- Standard sizes: 24", 36" & 42". Custom sizes available.
- Mounts to either wood or metal frames.

### 1097 Series

#### Anti-Vandal Pulls w/out Astragal

Available in:

### 1111 Series

#### Large Flush Cup Pulls

Available in:

Optional  
Plasticol Coating  
(PVC)

Part #	630 List Price
1096HA - Handle Only	\$396.00
1096NCHA – No Cutout	\$396.00
1096VD98/99HA – Von Duprin (non-handed)	\$344.00
1096VD98/99HA-NC (no cutout) Von Duprin (non-handed)	\$344.00

Part #	630 List Price
1097HA – Handle Only	\$396.00
1097NCHA – No Cutout	\$396.00
1097VD98/99HA Von Duprin (non-handed)	\$344.00
1097VD98/99HA-NC (no cutout) Von Duprin (non-handed)	\$344.00

Part #	630 List Price
1111A – 5”x5”, Cup Mounted	\$183.00
1111B – 5”x5”, Plate Mount	\$183.00
1111C – 6”x6”, ADA	\$242.00
1111C (BPVC) – 6”x6”, ADA, PVC	\$576.00

- Non-handed construction manufactured in the USA from stainless steel, brass or bronze.
- Functions easily, yet resists vandalism as smooth surfaces defies attachment by hooks, ropes, chains or other destructive devices.

- ✂ Optional plasticol coating resists heat and keeps pull cool in sunny environments.
- Available in back-to-back sets and works with all standard panic hardware.

- ✂ Also available in Healthy Hardware™ copper alloy

- ✂ Rugged and economical. 11 gauge, type 316 stainless steel, bronze or brass standard.
- ADA compliant and vandal resistant.
- Plasticol coating insulates against heat and cold.
- Design prevents attack of exterior cylinder with wrench or pliers, and guards against being pulled off by ropes or chains.
- Available with (1096) or without (1097) an astragal.

- ✂ The ultimate in flexibility - can be mated to exit devices, mortise locks or cylindrical locks.

- ✂ Also available in Healthy Hardware™ copper alloy (without plasticol coating).

### 1001 Series

#### Heavy Duty Push Plates

Available in:

Part #	630 List Price
1001-1 – 3"x12"	\$17.75
1001-2 – 3-1/2"x15"	\$22.00
1001-3 – 4"x16"	\$22.00
1001-9 – 6"x16"	\$35.50

- Manufactured in the United States.
- Custom cutouts available.
- Available with rounded corners and screwless.
- Heavy duty .050" stainless steel, brass, bronze or aluminum material. 1/8" plastic optional.

- With or without a door viewer.
- Custom engraving for apartment, office, numbers etc.
- Offered in a variety of architectural finishes to match the other door hardware.

### WHY USE TRIMCO'S HEALTHY HARDWARE™

Hospital Acquired Infections (HAI) number over 103,000 cases per year. Combined with home and school acquired infections the total rises to over 2 million every year causing lost work days and absenteeism. The cost of treatment of those occurrences is estimated between \$35 and \$45 billion dollars annually and rising. EPA-approved testing demonstrates copper's antimicrobial effectiveness in preventing the spread of bacteria between humans. Trimco is a pioneer and innovator in copper door hardware with the Healthy Hardware™ line of door trim and engineered products.

#### Healthcare-Associated Infections Place a Heavy Toll on Society

HEALTHCARE ACQUIRED INFECTIONS ARE THE  
**4<sup>TH</sup> LEADING CAUSE OF DEATH**

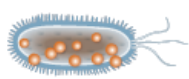

**2 MILLION** INFECTIONS PER YEAR IN THE U.S.

**100,000 DEATHS** ANNUALLY IN THE U.S.

COSTING **\$45 BILLION**

PATIENTS WITH INFECTIONS ARE  
**TWICE AS LIKELY TO DIE**

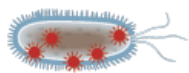

#### How Does Copper Kill Bacteria?

1. Copper ions on the surface are recognized as an essential nutrient and enter the cell.

2. A lethal dose of copper ions interferes with normal cell functions and membrane integrity

3. Copper ions impede cell respiration/metabolism, sometimes causing DNA damage

#### Healthy Hardware™ Antimicrobial Surfaces vs. Silver Coatings Under Real World Test Conditions

	Healthy Hardware™	Silver Coatings
KILLS 99.9% OF BACTERIA IN 2 HOURS OR LESS	YES	NO
LEGALLY PERMITTED TO MAKE PUBLIC HEALTH CLAIMS	YES	NO
DURABLE, LIFETIME EFFICACY (NEVER WEARS AWAY)	YES	NO
EFFECTIVE IN TYPICAL INDOOR ENVIRONMENTS	YES	NO
100% RECYCLABLE	YES	NO
CONTINUALLY KILLS BACTERIA 24/7	YES	NO
